

## Features

- Easy operation that offers high performance
- Uniform adhesive application with three-roller format
- Auto-adjustability for any book format
- Can handle flexible covers and extremely small formats
- Automatic book and cover feeding
- Auto adjustable cover and free calendaring station

**MEGABOUND™**  
knowledge of binding

## CASING-IN 'PLUS'

Introducing our versatile and user-friendly Casing-In Machine, perfect for single-person operation. This machine offers the flexibility of using cold vinyl glue, enabling precise application on various materials. Its easily detachable glue tank simplifies cleaning, ensuring hassle-free maintenance. With automated feeding capabilities, the case is smoothly transported to the registration table, where the book block is seamlessly inserted after glue application.

Experience effortless operation and superior performance with our Casing-In Machine. Equipped with a three-roller format, it ensures uniform adhesive application, guaranteeing consistent quality. The machine's auto-adjustability accommodates any book format, while its versatility allows it to handle flexible covers and even extremely small formats with ease. Additionally, automatic book and cover feeding streamline the production process, enhancing efficiency and productivity. Whether you're a small-scale operation or a large manufacturer, our Casing-In Machine offers unparalleled convenience and performance, ensuring seamless binding operations for exceptional results.

## Technical Data

Production	5 to 9 books/min (Approx)	
Min. book format	mm	100 x 150
Max. book format	mm	360 x 350
Min. book thickness	mm	5
Max. book thickness	mm	100
Power	1.25 HP, 3 Phase, 415 V	
Dimensions (L x W x H)	mm	1500 x 1000 x 1700
Weight	kgs	800
