## X-PRESS BOOK LINE

### Online Casing-in & Joint Forming

Introducing our Single-Person Operated Gluing Machine, an efficient and versatile solution for adhesive application across various materials. With the capability to use cold vinyl glue, this machine offers flexibility and adaptability, ensuring precise glue application on different substrates. The easily detachable glue tank facilitates hassle-free cleaning, maintaining optimal performance and longevity.

Following casing-in, each book is seamlessly transported along the conveyor to our hydraulic joint forming station. Here, every individual book undergoes joint forming twice in two stations, guaranteeing impeccable results. Featuring easy operation and high performance, our machine offers uniform adhesive application with its three-roller format and auto adjustability for any book format. Additionally, it can handle flexible covers and extremely small formats with ease, ensuring efficient production.

Equipped with advanced features such as automatic book feeding and a hydraulic book press of 2 tons for even pressing, our machine delivers exceptional results consistently. With 2 station online hydraulic joint forming, adjustable depth on joint forming, and heated formers for perfect joint formation, it offers unmatched versatility and precision. Experience convenience, reliability, and efficiency with our Single-Person Operated Gluing Machine, designed to meet the diverse needs of modern production environments.
